### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel claims 7-12.

Claims 7-12 are withdrawn due to the restriction requirement. Cancellation of those claims is permitted by applicants because the restriction requirement was not traversed.

2. The following is an examiner's statement of reasons for allowance:

The amended claims have narrowed the molecular distribution (Mn/Mw) to be 3 or smaller. As correctly point out by the applicants, the cited Example 9 of Alt et al. (US 5,436,305 and US 5,571,880 respectively) produce polyolefin wax with molecular weight distribution (HI same as Mn/Mw) of 7.1 which is much higher than the Mn/Mw of 3 or smaller of the instant claims. Since Alt et al. no longer teach or reasonably suggest the instant amended claims and the instant claims are now in the condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
